

2026 GLOBAL MEMBERSHIP PRICING

In April 2026, TIGER 21 implemented an updated pricing policy with the objective to deliver an exceptional Member experience while ensuring pricing consistency across our global Membership and the flexibility to keep pace with changes in the broader economic environment.

The pricing policy includes an annual dues adjustment aligned with a Developed Economies Consumer Price Index (CPI). The new pricing was implemented for Membership renewals starting April 1, 2026 onward, with the updated pricing reflected in renewal invitations starting February 15, 2026.

No increase to the initiation fee is planned for 2026. Although the fee is reviewed periodically, any adjustments are made at the discretion of management and the Board and may occur independently of annual dues updates.

Based on the current CPI, the initial dues adjustment as of April 1, 2026 is as follows:

Country/Region	Billed Currency	Dues	Initiation Fee
Eurozone (Italy, Netherlands, Portugal, Spain)	EUR	32,000	5,000
North America	USD	34,000	5,000
India	INR	2,900,000	4,350,000
